🃏 Romanian Șeptică – Quick Rules

Șeptică is a fast-paced Romanian card game for 2 to 4 players, played with a 32-card deck (7 to Ace in each suit). The goal is to win tricks containing **Aces** and **10s**, which are worth points.

🔷 Gameplay

- Any card can be played at any time – **there's no obligation to follow suit**.
- A trick can be **cut** only by a card of the **same rank** or a **7** (*"șeptar"*).
- The **last player** to cut wins the trick and collects the cards.

🔶 Scoring

- Only **10s and Aces** are worth points (1 point each).
- The maximum total is **8 points** per hand.
- The player or team with **more points** at the end wins.
